

**HEAT TREATED RICE FLOUR:**

## **Ideal for Ready-to-Eat Applications**

### **Heat Treated Rice Flour**

is optimal for ready-to-eat applications, as the heat treatment controls microbial activity levels. In addition, it can be used for a variety of diverse applications including baked goods, pasta, cereal, and more.

Our Heat Treated Rice Flours will be available in conventional and organic options in 50-lb bags and totes. They are gluten-free, kosher, non-GMO, and certified to the SQF Food Safety Code for Manufacturing and Quality.

**FLORIDA CRYSTALS™**

	Gluten-Free	Non-GMO	Kosher	Made from Whole Grain	Organic
Long Grain White Heat Treated Rice Flour					
Long Grain Brown Heat Treated Rice Flour					
Organic Long Grain White Heat Treated Rice Flour					
Organic Long Grain Brown Heat Treated Rice Flour					

**MADE FROM WHOLE GRAIN**

Unlike many Brown Rice Flours which are made from brokens, our Brown Rice Flour is made from whole grain rice. This allows us to preserve the integrity of the grain, and in turn, products made with Florida Crystals Brown Rice Flours may be able to be declared that they are “made from whole grain rice.”

**PRODUCTS YOU CAN FEEL GOOD ABOUT**

Doing what’s right can be the most challenging – and the most rewarding – thing of all. And that’s been the Florida Crystals® story from the very beginning. We are committed to sustainable, efficient farming practices, using more renewable energy and fewer resources. We’re also proud to be a leader in regenerative agriculture – focusing on building a balanced ecosystem resulting in healthy soil, more carbon drawdown and greater biodiversity.
